

Project Summary

Goulburn Hospital

New South Wales

Construction on the \$165 million Goulburn Hospital project will deliver a fit-for-purpose facility that will continue to deliver high-quality healthcare for the Goulburn region into the future.

The completed redevelopment will include a new four-storey Clinical Services Building with a new main entry and hospital reception; a new emergency department; a new medical imaging department; a new intensive care unit; new operating theatres, day surgery, recovery and pre-admission areas; new medical, surgical, paediatric and geriatric inpatient wards with specific designated palliative care beds and; a new maternity and birthing suite.
