Medical Electrical Accessories

MP002

esco
industries

Established in 1954, ESCO has a long and proud tradition within Australia for the manufacture of electrical, gas and data solutions for the medical industry. Throughout our history we have established a reputation for innovation and change, as we continually strive to advance and improve our products and service offerings.

All our products are developed on the simple ergonomic principles that provide added flexibility and easy expansion, ensuring our products meet the ever changing user application and health and safety needs. We strive to offer solutions that are excellent value, engineered for longevity and delivered on time. Combined with our ongoing support our products are designed to provide optimum performance today and for years to come.

At ESCO we take pride in our manufacturing processes. All our devices are designed to meet and exceed the compliance standards set by world renowned bodies like Therapeutic Goods Association (TGA) Australian and New Zealand, Food & Drug Administration (FDA) America and the International Electrical Committee (IEC). All medical devices manufactured by ESCO are registered with TGA Australia.

ESCO's medical products can be found throughout most Australian hospitals and many across New Zealand and South East Asia. Recent projects where our products have been utilised include Royal Womens Hospital Melbourne, Royal Childrens Hospital Melbourne, Gold Coast University Hospital, Liverpool Hospital, Olivia Newton John Cancer and Wellness Centre, Fiona Stanley Hospital, Royal Adelaide Hospital, St John of God Midlands WA, Lady Cilento Mater Childrens Brisbane and Townsville Base Hospital.

MP002

ESCO is one of the largest manufacturers of Medical Services Panels & Pendants in the Australasia region. The range is extensive in covering all medical applications and healthcare needs or customised to suit specific customer or end-user requirements.

ESCO designs these products for use by most OEM organisations as well as for use with third party products. ESCO manufactures to Australian, British, DIN and Ohmeda standards, and all Omega Series products comply fully to AS/NZS plus other International Standards.

Specialty Medical Services Panels, Alarms and Monitoring Devices are also latest ESCO designs for specific needs in modern Medical & Healthcare applications.

Our Medical range of electrical and gas equipment for the patient care area of hospitals, day surgeries, medical aged care, physiotherapy and dental practices has been specifically developed to suit unique requirements.

ESCO specialty Healthcare products include -

- Switched Socket Outlets (OM, OB, OA Series)
- Residual Current Devices (OM Vigilant Series)
- Audio Visual Alarm Modules (AVAM)
- Equipotential Earthing Studs and Junction Boxes
- Medical Service Panels (Flush and Surface Mounted)
- SIGMA Medical Service Pendants
- Overbed Lighting / Operating Theatre / Surgical Lighting
- Examination Lighting / X-Ray Viewers
- Line Isolation & Overload Monitors (LIOM) / Transformers
- Gas Terminal Units / Gas Hoses / Fittings & Accessories
- Gas Line Valves / Gas Isolating Valve Boxes / Automatic Gas Manifolds
- Dialysis Patient Services Units
- Custom Circuit Identification laser engraving service offered on all major projects (based on volumes)

OMRPV1SS

MODEL DESCRIPTION

OMRP Series – Vertical Stainless Steel 1 Gang Panel, Grid and Wall Box

TECHNICAL DATA

PART NUMBER	OMRPV1SS
DESCRIPTION	Vertical Stainless Steel 1 Gang Panel, Grid, Wall Box Assembly. Designed to mount any MediTek OM or OS series or combination of, for Flush mounting under stainless steel plate. OMRPVSS Series supplied at 100mm centres fitted with gang dividers for ELV & LV mechanical separation / segregation (individual Mounting Grids per Gang). OMRPVSS series is supplied complete with 2.5mm Earth wire & lug to each grid
GANG SIZE	1 Gang
MATERIAL	Stainless Steel and Galvanised Steel
PLATE SIZE	130 x 51 x 160 mm
COMPLIANCE	AS/NZS3000, AS/NZS3003 (4mm earth wire required for Cardiac Protected Areas)
