

Project Summary

Mercy Ascot Phase 1

New Zealand

Mercy Ascot are transforming to become New Zealand's leading private healthcare campus. Mercy Hospital is undergoing a significant transformation with the new state-of-the-art hospital wing will open in 2025. The new wing will include modern suite of ten operating theatres, seventeen bed post anaesthetic care unit, six intensive care beds, six high-dependency care beds and a modern ward with twenty single-patient bedrooms and four double-patient bedrooms. Modempak were engaged to confirm design and development of the Medical Services Panels, as well as supply the Line Isolation and Overload Monitors and Transformers for the project.
