

Project Summary

Wyvern Private Hospital

New South Wales

Wyvern Private Hospital is a new 85-bed private surgical and rehabilitation hospital currently being constructed on Sydney's beautiful Northern Beaches. The hospital will offer specialised medical services such as spinal surgery, neurosurgery, orthopaedic surgery, vascular surgery, interventional cardiology, pain management, and ophthalmology.

The facilities were designed by doctors and will include seven operating theatres, one catheterisation laboratory, 56 surgical inpatient beds, 20 rehabilitation beds, nine ICU beds, associated clinical support units like radiology, pathology, outpatient rehabilitation (including hydrotherapy), and pharmacy. The hospital will also have a 148-space car park and consulting suites.
