

# Project Summary

## Gold Coast University Hospital - Emergency Department Expansion

Queensland

Image: <https://www.goldcoast.health.qld.gov.au/>

The Gold Coast University Hospital (GCUH) has recently undergone a state-of-the-art emergency department expansion. This expansion was built and installed quickly to help with the surge capacity during the COVID-19 pandemic. The emergency department expansion has resulted in the addition of 4 new procedure rooms and 10 new treatment spaces. These new facilities will help reduce wait times for minor injuries and free up space for more serious cases.
